

## Projected Recruitment Schedule 2009

The Employment and Testing Division of the Human Resources Department has set up a testing and recruiting schedule that will allow the Human Resources Department to be more pro-active for hiring authorities and to have frequently used registers readily available, thus allowing a quicker turn-around response to a requisition. Listed below are the job classifications and the month/day the registers will be recruited and updated. This listing will allow hiring authorities to inform current employees or prospective applicants of when the selected job classifications will be recruited.
